2024 BUSINESS PLAN AND BUDGET

2024 TAX - SUPPORTED BUDGET

East Gwillimbury Council approved the 2024 Budget with a tax levy increase of approximately \$136 per year or \$11.33 per month for the average household. Property taxes pay for important municipal programs and services including roads, fire, recreation programs, events, parks and snow clearing.

Highlights from the 2024 Budget include: park improvements, tennis court reconstruction and playground replacements, new multi-use paths, a review of the Town's community events with opportunities for resident feedback, the launch of a second Customer Service desk at the Sports Complex, bridge rehabilitation and road work and new public computers at both Library branches.

Factors influencing the tax levy include: inflation and cost increases to maintain base programs and services, service level enhancements, as well as the Town's savings for asset management, which is the long-term repair and replacement of the Town's infrastructure.
