**Town of East Gwillimbury**  
**Notes to Schedule A of By-law 2015-078**

**Note 1: Official Plan Amendments**

For purposes of this By-law as it pertains to Official Plan Amendments, the following shall apply:

Major: An application to amend the Official Plan that is more significant in scale and scope than minor official plan amendments and which may have a greater impact or policy implications beyond the subject lands. A site specific application could also fall in this category, if considered to represent large scale redevelopment or significant change in use. An application involving significant changes to the text or policies of the Official Plan would also fall in this category.

Minor: An application for a minor, site specific and small scale amendment or exception to Official Plan policies having limited impact or policy implications beyond the subject lands. An application is deemed to be minor if it proposes a modification to an existing policy but does not propose the re-designation of the lands to which the application applies.

**Note 2: Zoning By-law Amendments**

For the purposes of this By-law as it pertains to Zoning By-law Amendments, the following shall apply:

Major: An application that is significant in scale and scope which may have greater impact beyond the subject lands. Such application may include:

- If the proposal represents a large scale development
- Significant change in use, zoning category or development standards

Minor: An application that is small scale and have no significant impact on adjoining lands. Such application may include:

- Only site-specific
- Request for permitted use within an existing building with no significant changes to development standards
- The development is considered as minor in nature

**Note 3: Draft Plan of Subdivision Applications**

Draft Plan of Subdivision Applications submitted before January 1, 2021 will be subject to the Fees for Development Services in Schedule A to By-law 2015-078, indexed to January 1, 2020. Any applications submitted on or after January 1, 2021 will be subject to the latest Fee By-law.

**Note 4: Per hectare of all other lands**

All other lands within the draft plan excluding roads, road widenings and environmental protection lands.

**Note 5: Council Approval for Site Plan Applications**

These site plan applications are significant in scale and scope and may have greater impact beyond the subject lands, requiring approval from Town Council. A number of studies, plans, reports and agreements will be required as part of these applications.

A Peer Reviewer may be required to review the application. The cost of the Peer Reviewer will be determined at the time of application at the expense of the Applicant.

**Note 6: Staff Delegated Approval for Site Plan Applications**

These site plan applications are generally smaller in scale and have less to no significant impact on adjoining lands and the lands themselves.

Level 3 - Standard application is an application that is minor in nature but requires studies and agreements.

Level 2 - Basic application is an application that generally has less impact to the area but requires additional technical information with minor agreements.

Level 1 - Exemption application is an application that has no to minimal impact and does not require an agreement.

The type of site plan application that a proposed development will be subject to will be determined at the pre-consultation stage of the application process.

A Peer Reviewer may be required to review the application. The cost of the Peer Reviewer will be determined at the time of application at the expense of the Applicant.

**Note 7: Zoning Confirmation Letters**

These letters are provided to confirm the land use zoning permission on the subject property.

Other requests included but not limited to: residential driveway or parking area review, including proposed driveway widenings, or confirmation of legal non-conforming use is subject to this fee.

If the Zoning Confirmation Letter is related to another application, permit, or process within the Town, then the set fee will be reduced by 50%.

**Note 8: Report to Council**

This fee is for Reports that require Council decision that is not tied to a specific development application.

Examples include, but are not limited to, the following: Municipal Zoning Orders, Servicing Requests outside of the Engineering Standards or Requests to change approved Municipal Street Names.
